SUMMARY OF WORK:  

This position provides office and field support to the Natural Resources Administrator in areas related to the Youth Work Learn (YWL) program. The YWL program was established to provide work opportunities and experience to youth (age 16-20) in environmental protection and natural resources.  

This position will lead and supervise youth workers in reservation and community beautification (including park/recreation/camp area clean up), field data collection (e.g. water and wildlife surveys and inventorying recreation sites conservation projects, and open dump sites), identifying culturally significant and/or native plants, visiting tribally managed wildlife sites and other environmental protection and natural resources related duties. The YWL supervisor will also support youth’s learning about the Northern Cheyenne Tribal governmental functions and procedures (e.g. attending tribal council meetings) and environmental science and natural resources professions and undergraduate and graduate programs. Time permitting, the YWL Supervisor will help with an overnight educational field trip so youth may learn more about environmental protection and natural resource educational programs and professions.
**JOB CHARACTERISTICS:**

**Nature of Work:** The daily activities of this position encompass office and field work, in all weather conditions, with extensive field work occurring during spring and summer (the seasons of the current position). Such fieldwork may involve inventorying and assessing land, fish and wildlife and their habitats, recreational areas/parks, assessment of the buffalo herd, etc. Office activities include writing reports, online research, managing data collection and management, and applicable office duties as assigned.

**Personal Contacts:** Daily contacts with Natural Resource personnel with scheduled meetings with Natural Resources Administrator. Intermittent contact with the Tribal Administration, Bureau of Indian Affairs, Bureau of Reclamation, U.S. Geological Survey, Department of Natural Resources and Conservation (DNRC/MT), and the general public.

**Supervision Received:** This position will receive general supervision by the Natural Resources Administrator.

**Supervision Exercised:** This position will provide supervision to youth workers.

**Essential Functions:** This position performs duties that require the ability to communicate effectively with supervisor, subordinates, Natural Resource Administrator, and Federal and State officials. Assists the Natural Resources Administrator and other programs within the department and contributes to the goal of conservation and protection of the Tribe’s environment and natural resources.

**AREAS OF JOB ACCOUNTABILITY AND PERFORMANCE:**

- Provides supervision, mentoring and teaching to youth workers in environmental protection and natural resources in the office and in the field.
- Establishes effective communications with Natural Resources Administrator, Tribal, Federal and State agencies, general public and Natural Resource personnel.
- Maintains and is responsible for tools, supplies, equipment and vehicles associated with Natural Resource Program’s office and fieldwork operations.
- Performs data collection and recordkeeping.
- Writes and reports objectives and tasks completed as outlined in grant requirements.
- Conducts inventorying, surveying, mapping, and assessment of wildlife areas, land, recreation areas, parks, habitats, noxious weeds, buffalo heard, etc. as assigned.
- Conducts maintenance of tribal recreational areas/parks.
- Assists Natural Resources Administrator with office and field duties as needed.

**JOB REQUIREMENTS:**

**Knowledge:** This position requires knowledge in supervising and mentoring youth, basic knowledge of computer software, word processing, report writing, and data collection and management.

**Skills:** This position requires skills needed to operate GPS/GIS equipment, computers, calculators, power tools, and other office/field equipment.
Abilities: Incumbent must have an interest in furthering their education in environmental protection and natural resource management and that of youth. Incumbent must have willingness to supervise, teach and mentor youth in community beautification, field data collection, identifying culturally significant and/or native plants, visiting tribally managed wildlife sites, data collection and management, and other environmental protection and natural resources related duties. This position requires the ability to work in teams and independently, operate field equipment, program vehicles, power tools and, surveying equipment. This position also requires exceptional written and oral communications with the ability to follow written and verbal instructions. This position as related to the entire department will have other duties assigned and will likely be cross-trained to assist other departmental programs.

EDUCATION AND EXPERIENCE:

1. Two-year Associates Degree required with a Bachelor's of Science degree preferred, from an accredited college or university with major coursework in natural resources, environmental science, or related science field. Must provide copy of credentials. OR

2. A combination of education, experience, and training: Minimum of 12 months combined work experience, preferably in natural resources/environmental field. Research internships may count toward work experience and must be documented on resume. Must provide a copy of your college transcripts and training certificates.

ADDITIONAL KEY REQUIREMENTS:

- Must sign waiver for pre-employment drug testing and pass urinalysis screening.
- This position requires use of program vehicles and equipment. Must possess a valid driver’s license and be insurable under the Tribe’s Insurance Policy. Must provide a copy of driver’s license and driving record.
- Must sign a disclosure statement and agree to a background check. Selection and retention in this position is contingent on a successfully adjudicated criminal history check and background investigation.

ADDITIONAL WEIGHING FACTORS:

1. Indian Preference will be given to qualified enrolled members of a federally-recognized tribe, with priority consideration to members of the Northern Cheyenne Tribe. Must provide a copy of your Certificate of Indian Blood or tribal identification.

2. Veterans Preference will be given to applicants discharged or released from active duty in the Armed Forces under honorable conditions (i.e., honorable or general discharge) are eligible for veterans’ preference. Must provide DD-214 Military Service Record.
